DR. LAWRENCE WILL SPEAK AT BIBLE CONFERENCE TONIGHT

Great Texas Orator Speaks at Bible Conference This Evening—Great Audiences Are Attending Each Service.

At all of the services of the Christian Fundamentals Conference being held by the local churches, there are great congregations. Dr. W. B. Riley, of Minneapolis, Minn., addressed large audiences Thursday morning, afternoon and evening and all three addresses were masterpieces that will be long remembered by those in his audiences.

On Friday the day services are held at the Church of the Nativity and at night again in First Baptist church. Dr. J. W. Lawrence, of Dallas, Texas, recognized as the one outstanding minister in the Congregationalist denomination, will speak Friday evening bringing another great address on one of the fundamentals of the Christian religion. Everyone should take advantage of hearing this great man.

On Monday Dr. W. B. Riley will return to Maysville to give his famous address on "The Characteristics of the End of the Age." This is a lecture such as hundreds would pay a large admission fee to hear and it is offered to the people of Maysville absolutely free.

There is now a possibility of continuing the Bible Conference into next week, so much interest has been displayed. Definite announcement will be made on Sunday as to whether the conference will be continued and who the speakers for next week will be in case the meeting is continued through the week.

REDMEN'S HOME TALENT SHOW PROVES SUCCESSFUL

Presentation of "The Microbes of Love" By Cast of Local Characters Thursday Rated as Success.

The presentation of the home talent musical comedy "The Microbes of Love" by a cast of local men and women, boys and girls, under the auspices of the local lodge of Red Men at the Washington Theater on Thursday evening proved to be even a greater success than those who were managing the affair had even hoped for.

The story was a pleasing little comedy in which old maids and bachelors furnished the amusement. The songs of the choruses were pleasing and catchy and will be long remembered by those who heard them.

The attendance was not what it should have been but was very creditable and the Red Men are very well pleased and under great obligations to those who loaned their talent to help make the show a success.

BROWN COUNTIAN KILLS HIS BROTHER INSTANTLY WITH GUN

Gullerman Says He Killed His Brother to Put Him Out of His Misery—Admits He Was Drunk.

Georgetown, Ohio. — When John Ballinger reached the sitting room of Lee Gullerman's home at Sardinia, Saturday morning, he found Wesley Gullerman sitting upon a chair, a 22-caliber pistol lying upon the window sill, and Lee Gullerman stretched prostrate upon the floor. Hurriedly he asked Wesley Gullerman what had taken place. In substance Wesley Gullerman stated that Lee had been in trouble and he put him out of his misery.

Shortly before Wesley Gullerman had entered the side door of his brother's home, which is upon the street which leads to Mowrystown, the fourth house upon the right after leaving Main street. He was cursing and muttering. Mrs. Lee Gullerman taking notice of the condition of Wesley Gullerman, ran from the house as did their daughter, Beatrice. This left the two brothers in the house alone. What actually took place will never be known, as closest questioning of Wesley Gullerman, who admits he was drunk, fails to bring out that he had recollection of what was occurring, other than when the pistol exploded he realized that fact.

Later examination reveals that there were two shots fired. One shot punctured the main artery at the top of Lee Gullerman's heart, and when Dr. Chaney arrived in a short time after he pronounced the gun user's victim dead. The other shot had punctured a window blind and window pane in the room. The gun user had pointed the pistol downward to shoot his brother, and the other shot had caused him to point upward. He does not know which shot was fired first, nor what happened.

When Ballinger received the reply from Wesley Gullerman that he had taken his brother's life to get him out of his trouble, he spied the weapon upon the window sill and gathered it up. In the meantime the wife had been giving the alarm, which was understood to have been a discovery of fire at the home. The whistle at the Talbot lumber mill was sounded, and in a short time a crowd had collected. Wesley Gullerman had no offer of resistance, and when Sheriff Neave arrived he was taken into custody and brought to the county jail. He was in a dazed condition upon arrival here. At the same time Prosecutor Bagby, Court Stenographer Wirick and Coroner Holland, with Dr. Chaney, appeared upon the scene and commenced their investigations.

Mr. C. S. Kirk leaves Saturday for St. Louis to attend the annual meeting of the National Bottlers' Association.

TO THE PUBLIC

I believe it below the dignity of the high office of County Judge of Mason county for candidates for that office to make unkind remarks about each other. I personally respect my opponent and all of the candidates on the Democratic tickets. I have my own fight to make and have not, nor will I, use anyone's name unkindly in making my race. This has always been my practice in former races.

As to any criticism of my tenure of office, I will merely say that I have done my best using all my efforts to serve the people honestly and faithfully. I have nothing to cover up as my office and the books of the county are open for inspection. I have the highest respect for all members of the present Fiscal Court and feel that they have done their best to serve the best interests of all.

Game Between Higginsport and Coca Cola Team To Be Staged Sunday Three Fast Players in Lineup

There will be a home-coming for Harry Sallee, a member of the New York world championship team, at Higginsport, Sunday. Sallee will be there at that time, and negotiations are pending for permission for him to pitch in a game of baseball which will be played, the weather permitting.

Aside from Sallee, in the lineup of the "port" team Austin McHenry, who has been with the St. Louis Nationals, and finished the season with third ranking honors as a batter, and Chic McClellan, of Cincinnati, Ky., who has been with the Chicago White Sox team.

The opposing team will be the fast-going Coca Cola's, of Cincinnati, who have made such an enviable record during the season, with "Lefty" Hall in the box.

NEW BOAT SERVICE.

A Mr. Cosgrove from Maysville, was in Augusta Friday, asking local merchants to sign a contract to haul freight from Cincinnati the charge to be 20 per cent. less than the freight rate on the C. & O. It is the intention to make the round trip daily between Cincinnati and Maysville, the boat carrying both passengers and freight. The steamer is scheduled to arrive at Augusta about 10 p. m., and arrangements have been made to store the freight that night in a building at Front and Upper streets. Practically every merchant in Augusta signed the agreement to let this packet haul their goods from Cincinnati, and we are told that Maysville and Ripley merchants did likewise. — Augusta Chronicle.

MASON SIGNS MORE THAN 75 PER CENT. OF TOBACCO CROP

More Than the Required Amount of Tobacco Is Signed in Mason County To Make Certain Success of Co-Operative Plan Here.

Those at the head of the Tobacco Co-operative Marketing Plan announced Thursday that Mason county had signed up to that day a total of 77 per cent. of the tobacco grown in this county thereby passing the figure required to make certain the "pool" in this county.

The committee in charge, however, announces that the campaign will not stop with the accomplishment of this requirement but meetings will be continued in every precinct and canvassers will continue their work in an effort to increase the amount signed-up to as large a figure as possible. It is the prediction of the committee in charge that Mason county will sign nearer one hundred per cent. than any other tobacco growing county in the whole district.

Messrs. Stanley F. Reed, James N. Kehoe and a number of the county committee left Friday morning for Lexington to attend a district meeting being held there and to report the fact that Mason county has reached the minimum. It is expected that they will return with glowing reports from other counties in the state.

CABINET MEETS TO CONSIDER THREATENED RAIL STRIKE

Hoover Plans Auto Transportation System and the Conservation of Gasoline Supply.

Washington, Oct. 21. — President Harding met with his Cabinet today to determine the next move of the federal government to avert the nationwide rail strike.

Direct intervention by the President appeared inevitable following failure of the Railway Labor Board yesterday to induce brotherhood chiefs to rescind the strike call.

The President, it was believed, will take one of two steps:

1: Summon brotherhood chiefs and railroad executives to the White House for a conference.
2: Appoint a special executive mediation committee.

Meanwhile plans for meeting the emergency if the walkout comes were being completed by government departments.

Herbert Hoover, secretary of commerce, indicated today that the first step by the government will be to press into service millions of motor trucks throughout the country.

With this transportation reservoir officials are confident enough essential commodities can be moved to prevent suffering.

"Ten years ago a railroad strike would have paralyzed the country within three days," said Hoover. "Now the country probably could exist for a month."

Hoover, in case of a strike, is making preparations to conserve the gasoline supply of the country.

The Old Folks Say

"A man can often change his mind when he can't change his shirt."—We changed our mind just a little bit this morning when we had an inspiration.

We brother Red Men are giving a Musical Show Thursday evening, October 20, as you all know, a tuneless comedy called "Microbes of Love," and from present indications, everybody and his brother will be there. The inspiration was "Why not have the drawing for the Chevrolet Touring Car take place on the stage during the play?" No sooner said than done, so, Grand Keeper of the Wigwam, Big Chief James Frost, gave us permission to have some one in the audience draw for the lucky coupon. The drawing will take place between the second and third acts.

The Chevrolet will be parked outside the Opera House, and if the holder of the lucky ticket is in the house, he may drive home in his own machine.

In the event that the ticket is not in the house, the lucky number will be advertised in all the local papers, and the car will await its owner, safe and sound in our store room.

Yours, to enjoy the show,

Mike Brown

CONFESSES TO

KILLIN GCHILD

New Jersey Man Asks That He Be Shot Or Given Poison; Fears Lynching.

Vineland, N. J., Oct. 20.—Louis Lively, the negro accused of killing a little girl at East Moorestown, N. J., last spring, was arrested here early Wednesday after shooting a policeman. According to the police, he confessed to killing the child. A small crowd sur-

rounded the jail after his arrest became known, but every precaution was taken to guard the prisoner.

Chief of Police Hudson, in relating Lively's alleged confession, said the negro sobbed as he told this story. "I've told you all," he pleaded. "Be fair to me. Shoot me or give me poison. I want to kill myself. I know they will lynch me if they take me to Burlington county."

Lively, 35 years old, served three years in the Eastern penitentiary at Philadelphia on a charge of killing a white man. He had previously served eight years in the Trenton penitentiary on a statutory charge.

Lively is charged with killing seven-year-old Matilda Russo, mutilating her body and burying it in the cellar of his home in East Moorestown. The child's body was found a week after she had disappeared. Lively vanished the day before the discovery of the murder, and a wide search for him was conducted by the police.

A physician, who has practiced both in New York City and in a suburb near the metropolis, claims that suburbanites suffer from indigestion to a greater extent than do the city dwellers. He

says the habit of bolting the breakfast, which the commuter is forced to do in many instances to catch his train, is responsible for starting the day wrong and causing indigestion.

New York Letter
by Lucy Jeanne Price

New York. — One hundred years is no age at which to rush lightly into matrimony. There is too much time ahead in which one might repent. Therefore, Mrs. Francola Le Vapresco, of Staten Island is giving careful consideration to the proposal of marriage she received the other day. To be sure, the proposal is from a friend of her childhood, F. Lindsay, of Baltimore, and so it isn't likely any sudden acquaintanceship; and as he is 103, their year is quite suitable. Still, it's a serious matter at best, and Mrs. Le Vapresco is pretty busy doing family washing and almost hates to be interrupted with outside matters like proposals. She'll decide after proper reflection, she says.

One music house, just one, in New York City is said to have sold 1,465 saxophones, cash and easy payments, in a single month. When you consider the number of music houses in our town and the number of months in a year, you can grasp something of what jazz is doing to us and one reason why we don't notice howling cats in our would-be-sleeping hours as we used to do.

—NY—
Our old friend "Ben Hur" is anything but dead. The copyright on it has just been extended for another fourteen years. The certificate of extension was issued to Henry L. Wallace, son of the author of the famous story, Gen. Lew Wallace, who has been dead for many years. Mrs. Wallace has transferred his interest, so far as it relates to dramatic and moving picture rights, to Erlanger, Dillingham & Ziegfeld, the theatrical firm is said to have paid more than \$1,000,000 in return.

—NY—
When you are in politics it seems of dominating importance. When you get out, it's comparatively easy to let some phases of it slide. Here is "Al" Smith, less than a year ago, Democratic Governor of our state, now managing a trucking corporation in which the chief owner is Fred Upham, treasurer of the Republican national committee. Other owners in the company are friends of Mr. Upham in Chicago — also Republicans. And the business goes harmoniously on!

—NY—
There's a man's side, too, to this matter of a wife's citizenship and its dependency on her husband's. For the past few years, women's organizations have declared the arrangement entirely unfair; a woman should be able to choose her flag as independently as does her husband, they insist. At last, there is a man who agrees with them. He is a Russian named Maier, who wants to be an American. But Justice E. R. Finch has decided that since a woman must follow her husband's flag she must give her consent to the adoption of the flag. Therefore, when he is about to naturalize any foreigners, he send work to their wives to come along and agree to the process. Maier's wife objected. Since his naturalization would make her an American citizen, she declared that he couldn't be naturalized with her consent, and the judge wouldn't let him be, without it. So poor Maier is seriously contemplating divorce for the sake of swearing allegiance to the Stars and Stripes.

Shoe-shining in City Hall Park is as exciting and uncertain for the owners of the shoes as it is for the shiners. The boys have no permits to shine there and are consequently outlaws from the police. They often leave a customer with one brilliant shoe and one muddy one at the sign of a "cop." "meet me 'round the corner," they pant to the startled customer, as they scot for the shelter of the Federal building.

—NY—
Automobile thieves are becoming more particular as well as more numerous and successful. Of insured autos, 298 were stolen in this city last month, with a value of \$500,000, nearly twice that of the cars stolen in the same month last year. No one knows how many uninsured ones were taken, as there is no way of checking them.

LUCY JEANNE PRICE.
According to statistics, there were used last year, 130 pounds of salt for every inhabitant in the United States, as compared with 108 pounds of sugar.

Australia produces about 200,000,000 pounds of butter annually, of which 75,000,000 pounds are exported.

Four centuries ago it was the law in England that all persons must be buried in woolen shrouds.

PEPTO-MANGAN KEEPS BLOOD PURE

Growing Children Need Plenty of Red Cells in Blood.

When the young body is growing, children frequently experience weakness. Girls and boys sometimes play too hard and over-tax their systems. They become pale, weak, and sickly. They lose their appetites, become languid, and are not able to make progress in school work. It is most important to keep the blood of growing girls and boys in a healthy state.

Pepto-Mangan keeps the blood pure. The red cells in the blood are increased. They carry life-giving oxygen to all parts of the body, and wholesome youthfulness blooms again in clear complexions, bright eyes and buoyant spirits. Sold both in liquid and tablet form by druggists everywhere. The name "Gude's Pepto-Mangan" is on the package. Advertisement.

THOUSAND POLICEMEN GUARD MYRON T. HERRICK

American Ambassador to France Is
Carefully Guarded Against
French Reds.

Paris, Oct. 21. — One thousand policemen will guard the American ambassador and the residence of Ambassador Myron T. Herrick tonight, to prevent a threatened demonstration against the United States in favor of the release of Nicoli Sacco and Bartolomeo Vanzetti, Italian communists, convicted of a double murder in Dedham, Mass.

Steel blinds will be drawn at the embassy and Herrick's home, and armed guards will prevent communists, who are to hold a monster mass meeting at the Salle Wagram, from approaching either building.

Hundreds of threatening letters reached the embassy today. One asserted a chemist was preparing scientific methods of reprisal against Americans in case Sacco and Vanzetti were executed.

Threats to "employ reprisals of every kind" were voiced in many letters received at the consulate and at the American Passbook Bureau.

Blowing up the building where the passport office and the Reparations commission are housed were threatened in one letter.

Pennsylvania is the leading woolen and worsted goods industrial state. The combined value of products, \$1,055,040,000, represents 86 per cent. of the total value of manufacture of wool in the United States.
